Publicity Director	<input type="checkbox"/>	Director Member at Large (6)	<input type="checkbox"/>
Ways & Means Director	<input type="checkbox"/>		

Board of Directors Application

Part 2 – Tell Us about Yourself

Bio – (100 word or less)

I am a former non-profit Executive Director whose passion for bikes and Nordic skiing led to a career change into the bike/ski world as the Operations Manager for the Cycle Logic group of stores. I started classic skiing after I moved back to BC from the East (thanks to my sis) and although I still suck at it, there is nothing I love more than spending time on the trails at Stake Lake in the winter. When I'm not biking or skiing, I'm hanging out with my five rescue fur kids and husband.

Why do you want to be on the board? (75 words or less)

I believe that every organizational Board needs new members to ensure fresh perspectives and innovation. Overlander Ski Club has grown exponentially in the past few years and given my background in Community Development with a focus on a Servant Leadership model, I believe more can be done to grow the Club, maintain the membership AND get back members that have left the Club. I believe a Board must maintain focused on serving the membership through active engagement, attaining feedback/criticism, and always questioning whether what is being done and implemented is serving the diverse needs of the membership.

What Skills and Experience do you bring to the board? (75 words or less)

In my professional life, I have successfully run and overhauled non-profit organizations; written and redesigned organizational bylaws and policies; overseen large budgets; and currently oversee operations for four successful bike/ski shops. I have facilitation experience, having been a Professor for 7 years and having worked for an organization for 2.5 years in which I conducted province-wide training with all levels of government and community entities. I have a Masters in Community Development. I also currently sit on the Interior Grasslands Cycling Club Board of Directors. I believe I bring a lot of experience and skills, particularly around organizational structure, that would benefit OSC.
