Board of Directors Application

Part 2 – Tell Us about Yourself

Bio

A Chartered Professional Accountant (CPA) with over 30 years of business experiences in industry, entertainment, and government. Strong understanding of working in a governance based, policy framework with a focus on improving and enhancing ongoing business processes supporting a financially viable organization.

I have extensive experience in volunteering on non-profit boards such as:

- The Society of Management Accountants of BC (CMABC) 2011 – 2015 where I began as a director and prior to unification of the profession was first vice-chair of the board
- Appointed by the Ministry of Advanced Education to the inaugural Chartered Professional Accountants of BC (CPABC) board of directors in 2015 where I was elected as First Vice-Chair and left the board in 2017 concluding my term as Board Chair
- Served on the OSC board as treasurer from 2012 – 2018 and from 2017 – 2018 as Vice President
- Currently serving as the Treasurer of the OSC Board 2021 - 2022
- Currently serving as Vice President of the CMHA Kamloops Board of Directors (2017 – 2022)

Why do you want to be on the board?

I've been a member of the club for over 15 years and the club is entering into a period of exciting times. Overlander had been so successful under historical and past practices, but we need to recognize at the club is at turning point with significant growth occurring in the membership. With growth there becomes changing needs that are resulting in increased demands being placed on the operations.

The need to adapt a new strategic plan that provides clarity in the future is more critical today to help support effective board decision making and provide a vision for the members of where the club is heading. It's not going to be easy and I feel its going to need strong oversight (financial and governance) to stay the course.

What Skills and Experience do you bring to the board?

Over the course of my career, I have had several diverse non-accounting roles and as a result have a lot of experience in other non-finance but business and operational areas. I would describe myself as direct and to the point. I have a lot of respect for other inputs and ideas, while at times our opinions may differ out desired values and outcomes align.

I'm a very broad and strategic thinker at times looking at situations to see what was missed or needs to be address proactively.
